## **DETAILED ACTION**

### ***Allowable Subject Matter***

**Claims 15-28** are allowed.

The following is an examiner's statement of reasons for allowance:

With regard to claims 15, 20 and 21: These claims are allowable over the prior art of record because the latter, either alone or in combination, does not disclose nor render obvious an optical cable having an optical core having a predetermined outer diameter comprising a central strength member, a plurality of optical fibers and a thermoplastic polymeric material disposed around the strength member and embedding the fibers wherein the core comprises a joint section having substantially the same diameter as the core diameter and having a jointed portion of the strength member and a spliced portion of each fiber with the strength member and fibers in the joint section being embedded into and completely encapsulated by a cured polymeric material and at least one protective layer disposed around the core, in combination with the rest of the claimed limitations.

With regard to claims 16-19 and 22-28: These claims are allowable over the prior art of record because they depend from allowable claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
